Hi Mary Beth,

I have a standing meeting every other Wednesday for a new Fire Station we are building. Sometimes this conflicts with the coordination team calls and as you know I've missed a few of them. Nonetheless, if the current day works for most everyone else we can stay with it because the Fire Station project will be done in March. Thanks!

Hey All – wanted to check in with you all before the end of the year regarding our monthly project coordination team calls. This past year, we convened on the second Wed of the month from 11:30 AM to 12:30 PM eastern time. Wondering if this time slot still works for you or if you want to change it up in 2020. Please reply back with one of the following options:

- 1) I want to keep the same day of the week and time.
- 2) I want to change the day of the week and/or time. (If you choose this one, please also include the days/times that generally work for you.)
- 3) I have no preference.

Thanks!
